Event Hire Charges

The hire period for Speed Works Championship Events, begins from the time the marquee erection is completed and ready for the competitor to pack-in and runs until the competitor has packed out at the conclusion of the race meeting.

Delivery and Removal

Delivery and removal of equipment will be the responsibility of Speed Works Events Limited. Any permits, consents or authorisation required to erect marquees will be the responsibility of Speed Works Events Limited. No additional costs for erection or removal will be added to the Competitors Hire Rate as listed above, unless the marquee is required by the Competitor outside of the usual pack-in and pack-out requirements.

Speed Works Events Limited will not be held responsible for any damage caused to vehicles or equipment left inside or around marquees outside of the hire period.

Competitors Obligations

The Competitor is responsible for checking the marquee equipment upon pack-in. Speed Works Events Limited cannot accept responsibility for claims or damages after the Competitor takes possession.

The Competitor is required to remove all vehicles, tools, parts and equipment from within and around the marquee as soon as the race meeting has ended on Sunday afternoon. Any items or objects that are required, or requested by the Competitor to be moved, are done so without any liability to Speed Works Events Limited.

Competitors are responsible for the care and condition of the marquee from the time they pack-in and until they have packed out

Competitors are required to hang the Marquee door panels at the end of each day of hire

The Competitor shall:

- Take proper and reasonable care of the marquee and equipment at all times; and
- Take full responsibility for the security of any marquees or other equipment hired; and
- Not use patio heaters inside marquees nor adhere tape to any marquee hired.
